Re: 1999 90HP Johnson Bogs down Yes, the carbs were removed, disassembled, cleaned, and reinstalled. They were not rebuild with a rebuild kit, but I didn't think they needed to, the gaskets are in good shape. This is something that I did about 8 months ago, I didn't think it was the carbs but I cleaned them again just to be sure.

Tune up kits for older outboards contain the required number of condenser and breaker points. If you have the flywheel off and you're thinking about new points or condensers, it just makes sense to do them both at the same time. With both parts replaced and adjusted, you should have good spark and better firing power.
