A History Of Ottoman Economic

The Economic history of the Ottoman Empire covers the period 1299–1923. Trade, agriculture, transportation, and religion make up the Ottoman Empire's economy. The Ottomans saw military expansion and careful use of currency more emphasis to manufacture and industry in the wealth-power-wealth equation, moving towards capitalist economics comprising expanding industries and markets whereas the Ottomans continued along the trajectory of territorial expansion, traditional monopolies ...

Economic history of the Ottoman Empire - Wikipedia

The authors provide a richly detailed account of the social and economic history of the Ottoman region, from the origins of the Empire around 1300 to the eve of its destruction during World War One. The breadth of range and the fullness of coverage make these two volumes essential for an understanding of contemporary developments in both the Middle East and the post-Soviet Balkan world.

An Economic and Social History of the Ottoman Empire ...

The Ottoman Empire (1299-1923) existed at the crossroads of the East and the West. Neither the history of Western Asia, nor that of Eastern Europe, can be fully understood without knowledge of the history of the Ottoman Empire. The question is often raised of whether or not economic thinking can exist in a non-capitalistic society.
