„Simon Planzer's book "Empirical Views on European Gambling Law and Addiction" is a wonderful example of the application of evidence-based thought to gaming regulation and policy. Such analytic and well written work is essential if gaming regulation hopes to achieve policy goals.

Empirical views on European gambling law and addiction ...

Abstract. Unfortunately, much of the literature on European gambling issues has shown a partisan tendency with some authors advocating that courts should grant a sectorial quasi-exemption from EU law, and others arguing for a liberalisation of national gambling markets based on the supremacy of EU law.
