Popkin develops a model of rational peasant behavior and shows how village procedures result from the self-interested interactions of peasants. This political economy view of peasant behavior stands in contrast to the model of a distinctive peasant moral economy in which the village community is primarily responsible for ensuring the

The Rational Peasant (□□)

In *The Rational Peasant*, Popkin attempts to discredit the common assumption of moral economy and impose his own idea of political economy. Moral economists believe that peasant protest is a result of falling below a subsistence level (short-run security), or the loss of

Access Free The Rational Peasant The Political Economy Of Rural Society In Vietnam

traditional institutions that "provided for peasant welfare (long-term security)" which often result as the imposition of a capitalist economy (5).
